DETAILED ACTION

Allowable Subject Matter

1. Claims 1, 3-5, 6-8, 9, 11-13, 14-16, 17-20, 21, 22, 23-26, and 27-28 are allowed
2. The following is an examiner's statement of reasons for allowance: It is agreed that the prior art of record fail to teach or suggest, alone or in combination, the following limitations: "an antenna disposed in the plasma generating chamber so as to face the first electrode; and a power supply for applying a voltage between the first electrode and the second electrode to extract ions from the plasma generated by the antenna" as claimed in claims 1 and 9; and "a second electrode disposed between the antenna and the first electrode in the plasma generating chamber, the second electrode having a ring shape so as to surround the plasma generating chamber" as claimed in claims 6 and 14. It is for this reason in combination with all the other limitations in the independent claims 1, 6, 9 and 14, that claims 1, 3-5, 6-8, 9, 11-13, 14-16, 17-20, 21, 22, 23-26, and 27-28 are allowable over prior art of record.

Conclusion

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
